Dear BSA community,

Baltimore City Public Schools has learned that an individual at BSA tested positive for COVID-19. The individual is no longer at the campus. Out of respect for confidentiality, we cannot release any personal information.

We know this news may be unsettling. **Right now, there are no additional cases of COVID-19 at our campus.** Any close contacts of the individual have been notified directly and will quarantine. *Per the CDC, a close contact is as anyone who was within 6 feet of an infected person for at least 15 minutes.* Typically, persons that are not a close contact are at minimal risk of exposure.

The health and safety of our students are paramount. The locations used by the individual are being cleaned per City Schools' Standard Operating Procedure on cleaning and disinfecting school buildings.

Thank you for your trust and support.

If you have questions or concerns, please call 443 642 5165 or email me at cford@bsfa.org

Please be safe and take care.

Chris Ford
Principal
